Aluminum	BIRTH CONTROL	Colostrum	Mercury	Safety Testing	Compared Groups	TEEN Vaccines HPV	Vaccines in Pregnancy
----------	---------------	-----------	---------	----------------	-----------------	-------------------	-----------------------

AUTHOR	STUDY NAME	SUBJECT	AUTOIMMUNITY:	DEATH	GUT UTI	BRAIN:	COMMENTS
BAGWE 2015	Bovine colostrum: an emerging nutraceutical	FLU Shot Colostrum					This paper discusses ingredients & benefits of colostrum as a "promising nutraceutical."
BELCARO 2010 (Cesarone)	Prevention of flu episodes with colostrum & Bifivir compared with vaccination: an epidemiological, registry study. (ABSTRACT)	FLU Shot Colostrum Compared Groups					Comparing 4 groups: no prevention, flu vaccine, vaccine + immunomodulators (colostrum + bifivir), and immuno-modulators only. <u>Immunomodulators were more effective than flu shots.</u>
BISWAS 2007	Immunomodulatory effects of bovine colostrum in human peripheral blood mononuclear cells.	FLU Shot Colostrum					Colostrum promotes TH1 immunity. It can be an inexpensive prevention & treatment of flu & other diseases.
CESARONE 2007	Prevention of influenza episodes with colostrum compared with vaccination in healthy and high-risk cardiovascular subjects: the epidemiologic study in San Valentino	FLU Shot Colostrum Compared Groups					This study actually compared 4 groups: flu shots with & without colostrum, colostrum alone, and no treatment. The colostrum did best - 3 x better than flu shot alone - even for high risk people.
DONZELLI 2017	Influenza vaccination in the first trimester of pregnancy & risk of autism spectrum disorder	FLU Vaccine in Pregnancy				✓ Autism	LETTER to ED: re ZERBO 2017b. Says Zerbo used inappropriate stats but still got borderline significance for flu shot & autism. Vaccinating in first trimester will lead to 4 additional cases autism per 1000 women.
DONZELLI 2018	Influenza vaccinations for all pregnant women? Better evidence is needed	FLU Vaccine in Pregnancy					Cochrane review says flu shot provides "uncertain or very limited protection" ... should be offered but tell women of the uncertainties,

Aluminum	BIRTH CONTROL	Colostrum	Mercury	Safety Testing	Compared Groups	TEEN Vaccines HPV	Vaccines in Pregnancy
----------	---------------	-----------	---------	----------------	-----------------	-------------------	-----------------------

AUTHOR	STUDY NAME	SUBJECT	AUTOIMMUNITY:	DEATH	GUT UTI	BRAIN:	COMMENTS
DONZELLI 2019	Influenza vaccination in pregnancy: Careful assessment confirms safety concerns for the offspring	FLU Vaccine in Pregnancy		✓		✓	Evidence does not support flu vaccine in pregnancy. Offspring have excess death & serious infections. Several authors of the reviewed studies have financial ties to vaccine producers. Parents should be given this info to make an informed choice.
DONZELLI 2019a	Influenza vaccination for all pregnant women? So far the less biased evidence does not favour it	FLU Vaccine in Pregnancy		✓			A Cochrane review shows local adverse effects and serious adverse effects with limited protection against flu. Other studies in Africa & Asia show <u>more offspring deaths</u> in vaxxed group. The shot can be offered in trimester 2 or 3 (only), but with warnings & promotion of other protective behaviors.
GABLE 2014	Distal acquired demyelinating symmetric neuropathy after vaccination (DADS)	DTP, FLU, Tetanus HBV, Yellow Fever				✓ Neuro-pathy	Case reports describing "first reported cases of vaccine-associated DADS neuropathy
GEIER 2003	Influenza vaccination and Guillain Barre syndrome	FLU shots VAERS	✓			✓ GBS	median onset = 12 days after flu shot. Results varied by brand
GEIER 2006	Influenza vaccine: Review of effectiveness of the US immunization program & policy considerations	FLU					Based on hospital records, the vaccine is not effective. See Table 1 for raw data of study.
HAWKES 2016	Debate on whether Tamiflu prevents flu deaths reignites after new analysis	Tamiflu for FLU		✓			Cochrane group analyzed 30 studies. 83% of patients who died received Tamiflu. 82% of those who lived received Tamiflu Other group disagrees.

Aluminum	BIRTH CONTROL	Colostrum	Mercury	Safety Testing	Compared Groups	TEEN Vaccines HPV	Vaccines in Pregnancy
----------	---------------	-----------	---------	----------------	-----------------	-------------------	-----------------------

AUTHOR	STUDY NAME	SUBJECT	AUTOIMMUNITY:	DEATH	GUT UTI	BRAIN:	COMMENTS
HERNANDEZ-CASTELLANO 2014	The colostrum proteome, ruminant nutrition & immunity: A review	FLU shot Colostrum					Description of colostrum contents & uses in various animals, as well as colostrum associated immunology.
HERRING (book)	Anatomy of a pandemic: The 1918 influenza in Hamilton	FLU					240 pages book on the 1918 flu.
HOOKER 2017	Influenza vaccination in the first trimester of pregnancy & risk of autism spectrum disorder	FLU Vaccine in Pregnancy				✓ Autism	LETTER to ED: re ZERBA 2017b. Says Bonferroni adjustment was not appropriate. Significance of flu shot in first trimester should stand and not be changed to "chance." Besides, that is the trimester most suspected.
KASONTA 2014	Colostrum from cows immunized with a vaccine associated with bovine neonatal pancytopenia contains allo-antibodies that cross-react with human MHC-1 molecules.	FLU shot Colostrum		✓			There is a new fatal disease of calves born to cows who were vaccinated with a diarrhea virus. This can also affect humans, so use colostrum only from cows that have NOT been vaccinated with this vaccine. Note: Is this a warning to be wary of what we vaccinate human mothers for?
KIM 2016	Recurrence of panic attacks after influenza vaccination: Two case reports	FLU				✓ Anxiety disorder	Dysregulation of T-lymphocytes caused panic attack after flu shot.
LIN 2018	Aluminum salts as an adjuvant for pre-pandemic influenza vaccines: a meta-analysis	FLU Shots ALUMINUM					Using aluminum salts adjuvant decreases protection and increases pain & local reactions to H5N1 shot

Aluminum	BIRTH CONTROL	Colostrum	Mercury	Safety Testing	Compared Groups	TEEN Vaccines HPV	Vaccines in Pregnancy
----------	---------------	-----------	---------	----------------	-----------------	-------------------	-----------------------

AUTHOR	STUDY NAME	SUBJECT	AUTOIMMUNITY:	DEATH	GUT UTI	BRAIN:	COMMENTS
NG 2010	Prevention & treatment of influenza with hyperimmune bovine colostrum antibody	FLU Shot Colostrum					Colostrum could be available commercially to replace antiviral drugs & prevent/control the flu. (#46) <i>Note: The patent is held by the study employers.</i>
RUBACH 2011	Increasing incidence of invasive haemophilus influenzae disease in adults, Utah, USA	HIB FLU in Adults					HIB decreased after vaccination, but new serotypes are increasing now - most in adults over 65. In Utah, they had 51% of cases and 67% of deaths; in Illinois, they have 77% of cases
SCHWARZ 2006	Common-sense construction of consumer protection acts (72 pages)	Lawsuits					Litigation info. Note pg. 48 on pharmaceutical manufacturers.
SHEFFIELD 2018	Effect of influenza vaccination in the first trimester of pregnancy	FLU shot Pregnancy Compared Groups		✓			Compared women receiving flu shot in each trimester and to unvaxxed women. No diff in malformations. Decrease in stillbirth, premature delivery & neonatal death. <i>Note: unvaxxed mothers were younger & mostly first timers.</i>
SHORTRIDGE 1990	Protective potential of colostrum and early milk against prospective influenza viruses	FLU Colostrum					Colostrum is protective against a variety of flu & other diseases; the virus neutralizing activity is in the cream layer of colostrum & early milk.
SMITH 2018	The unexpected impact of vaccines on secondary bacterial infections following influenza	FLU		✓			Secondary bacterial infections contribute to flu-related death. Vaccines against bacteria are few and not helpful. Bacterial infections are worse if you already have the flu, even a mild one, or even after a flu vaccine.

Aluminum	BIRTH CONTROL	Colostrum	Mercury	Safety Testing	Compared Groups	TEEN Vaccines HPV	Vaccines in Pregnancy
----------	---------------	-----------	---------	----------------	-----------------	-------------------	-----------------------

AUTHOR	STUDY NAME	SUBJECT	AUTOIMMUNITY:	DEATH	GUT UTI	BRAIN:	COMMENTS
UCHIDA 2012	Augmentation of cellular immunity and protection against influenza virus infection by bovine late colostrum in mice	FLU Colostrum					mice were given saline or bovine colostrum 3 weeks and then infected with flu. The colostrum mice were much less sick. They had systemic & lung immunity.
UK 2017	Measles notifications and deaths in England and Wales: 1940 to 2016	Measles Deaths		✓			Chart of the number of cases & deaths from measles, 1940 to 2016 in England
WATAD 2019	Autoimmune/inflammatory syndrome induced by adjuvants (ASIA) demonstrates distinct autoimmune & autoinflammatory disease associations according to the adjuvant subtype: Insights from an analysis of 500 cases.	HEP B, FLU	✓ Arthritis, MMF				Description of 500 cases of ASIA, time between vaccine & symptoms, & type of vaccine. "Despite being rare, this link is real." Author says benefits outweigh side effects - but again, there are no placebo studies.
WONG 2014	Bovine colostrum enhances natural killer cell activity & immune response in a mouse model of influenza infection & mediates intestinal immunity through toll-like receptors 2 and 4.	FLU Shot Colostrum					Colostrum from cows given to mice who were then given the flu. Controls got water or nonfat milk. Colostrum-eating mice less sick, for less time. (#45)
XU, ML 2013	The effect of dietary intake of the acidic protein fraction of bovine colostrum on influenza A (H1N1) virus infection	FLU Shot with Colostrum or Placebo		✓			Double blind placebo (saline) control study on mice. 33% of the placebo mice survived the flu, but 100% of the mice getting colostrum survived.
ZERBO 2013	Is maternal influenza or fever during pregnancy associated with autism or developmental delays? Results from the CHARGE (Childhood Autism Risks from Genetics & Environment) study	FLU Vaccine in Pregnancy				✓ Autism	Autism & dev. delay were associated with maternal fever, but not if she took anti-fever meds. Less flu vaccine reported in mothers of children with autism but timing of shot is unknown. Need more research.

Aluminum	BIRTH CONTROL	Colostrum	Mercury	Safety Testing	Compared Groups	TEEN Vaccines HPV	Vaccines in Pregnancy
----------	---------------	-----------	---------	----------------	-----------------	-------------------	-----------------------

AUTHOR	STUDY NAME	SUBJECT	AUTOIMMUNITY:	DEATH	GUT UTI	BRAIN:	COMMENTS
ZERBO 2017a	No association between influenza vaccination during pregnancy & adverse birth outcomes	FLU Vaccine in Pregnancy					The flu vaccine given in pregnancy is not related to birth problems of weight, breathing, NICU, etc. Discussed "immortal time bias."
ZERBO 2017b	Association between influenza infection & vaccination during pregnancy & risk of autism spectrum disorder	FLU Vaccine in Pregnancy				✓ Autism	Fever in pregnancy is related to autism. Flu shot in first trimester is associated with increased autism, but due to chance. See DONZELLI 2017, HOOKER 2017
ZERBO 2017	reply to Letters to the Editor (HOOKER 2017 & DONZELLI 2017) re the above paper	FLU Vaccine in Pregnancy					He agreed the trimesters of pregnancy are not independent, but defended his stats & said there is not enough evidence of risk to change vaccine guidelines.
